# NISEI VETERANS MEMORIAL CENTER

ESTABLISHED IN 1991, Nisei Veterans Memorial Center (NVMC) is a nonprofit, tax-exempt charitable organization. Guided by the values of Japanese-American veterans of World War II and inspired by their valor, the Nisei Veterans Memorial Center will perpetuate the legacy of these Nisei veterans by nurturing the community's youth, supporting care and respect for the community's elderly and promoting an understanding about the history, values and culture of Japanese-American soldiers which contributed to their heroic military accomplishments as well as their continued contributions to the community and nation.

The Nisei Veterans Memorial Center mission is implemented by providing opportunities for the community to learn about its elders' values through the sharing of activities and information so that these values can continue to produce hero citizens.

## DESCRIPTION OF PROJECT

THE 4,200 SQUARE FOOT Education Center will house the organization's extensive collections of memorabilia, historic information, library, oral history and educational classrooms. The facility is dedicated to recounting the history of the Nisei veteran in World War II through its collections and the presentation of educational programs in collaboration with community groups to facilitate the passing down of generational values.

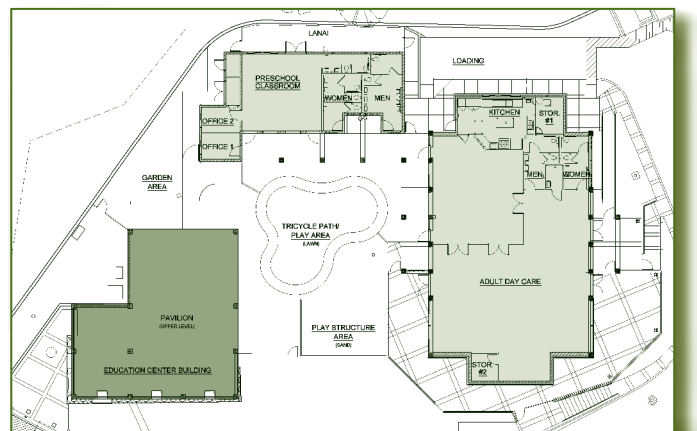

Educational programs that focus on the transmission of values, knowledge and cultural tradition to the community's youth and families will be invited to be presented at the facility. Anticipated programs include cultural, social, educational and arts-related activities and classes. Community, government and groups focused on veterans and youth activities are also anticipated.
